

AMAN RAO M

Applied AI Developer

✉ amanrao099@gmail.com ☎ 8590866891 🔗 linkedin.com/in/aman099 🌐 github.com/AmanRao099

EXECUTIVE SUMMARY

Ambitious and detail-oriented Full Stack Developer with proficiency in Python, HTML, CSS, JavaScript, React, Node.js, AI powered automation, MongoDB, SQL, and RESTful API design. Seeking to contribute to innovative projects by leveraging strong development abilities and a passion for developing high performance and scalable applications within a collaborative and forward-thinking team

PROFESSIONAL EXPERIENCE

Shiktra Technologies, Co-Founder

01/2026 – Present | Mangalore, India

Co-founded CodeBud and led the end-to-end development of the platform, driving both technical execution and product direction. Designed and developed core features, managed the development lifecycle, collaborated with stakeholders, mentored team members, and ensured timely delivery of scalable, high-quality solutions. Contributed to strategic planning, product innovation, and the overall growth of the initiative within Shiktra Technologies.

Doqtra, Co-Founder

09/2025 – Present | Remote

Built and grew a freelance software agency focused on delivering custom full-stack applications and modern websites for businesses. Managed client relationships from consultation to deployment, coordinated project execution, identified technical solutions tailored to client needs, and ensured each project balanced functionality, performance, and user experience while meeting delivery timelines.

MindMatrtix.io, Android Developer Intern

02/2026 – 05/2026 | Remote

Contributed to the development of AI-powered Android applications by implementing features, integrating APIs, debugging issues, and optimizing application performance. Collaborated with the development team to build user-friendly mobile solutions while gaining hands-on experience in Android development and AI integration.

EDUCATION

Srinivas Institute of Technology, B.E (Artificial Intelligence & Data Science)

2022 – 2026 | Mangalore

Kendriya Vidyalaya No.2, 12th (CBSE)

2021 – 2022 | Kasaragod

Kendriya Vidyalaya No.2, 10th (CBSE)

2019 – 2020 | Kasaragod

SKILLS

Applied AI Systems, React, FastAPI & WebSockets, AI integration, Python, Next.js, Typescript, React Native, Mongo DB

PROJECTS

NYROSPHERE 🌐, AI Autonomouse Robot

Built a real-time multimodal AI robot with voice interaction, gesture recognition, and embedded hardware control. Developed a FastAPI backend integrating VOSK, Piper, Ollama, MediaPipe, and ESP32 for intelligent speech processing, computer vision, and autonomous robotic control.

ITourister 🌐, Navigation APP

Developed a full-stack travel recommendation platform that delivers personalized destination suggestions using location-based services and user preferences. Built an interactive, responsive interface with Google Maps integration, real-time recommendations, and a scalable backend for seamless trip planning.

GBDDoner 🌐, Freelance project

Developed a full-stack website for a restaurant chain with a modern, responsive user experience and a Sanity CMS for seamless content management. Built scalable frontend components and integrated a customizable content management system, enabling easy updates to menus, locations, and promotional content.
